General Hire

WALL CHASER

Used for cutting the channels in concrete walls to run conduit. This unit will cut down to a depth of 40mm and is equipped with an attachment for a vac to ensure minimal dust.

SMALL BREAKERS

These light weight hammer drills are great for all the small jobs, including breaking on walls, tiles or any job where you need to hold the breaker suspended for any amount of time.

EXPLOSIVE NAIL GUN

Perfect for attaching wood to concrete with charges available to suit all applications. There isn't much this nail won't hold.

MEDIUM BREAKERS

By far the most popular size used for breaking concrete and bricks, will handle most breaking jobs onsite.

PASLODE NAIL GUNS

Available in fixing and framing. Paslode are the most respected name in the business, great for house & deck builds.

LARGE BREAKERS

Our "T Bar" style large breaker is lighter than you may think. This is the breaker you use when the job is just too big, will break most thick concrete and bricks with ease.

SECRET NAILERS

Designed for hiding the nails of tongue and groove flooring out of sight, hence the "secret nails"

FLOOR & HAND DIAMOND GRINDERS

Diamond grinders with various grades to get your desired final finish. Both floor and hand grinders available with vacuum attachments to minimise dust.

REO BAR BENDER

This electric tool is designed and engineered specifically to cut and bend rebar with efficiency, suitable for continuous operation.

EXTRACTION FAN

Ideal for when working in tight spaces with lots of dust to increase ventilation in these tight spaces. our extraction fans can be provided on their own or with plastic ducting to what length you need.

GENERATORS

We have a range of generators available to power most of your tools and equipment. This unit is constructed in a portable trolley cage making it portable on site.

PRESSURE WASHERS

Pressure washers available in 4000psi petrol or 2000 psi electric. Great for washing down any jobsite big or small.

PORTABLE MIG WELDER

This machine is perfect for small repairs and DIY welding projects.

DUCT LIFTERS

Make your job easy with a 5m or 7m ductlifter, with a lift capacity of 250 kg. Great for lifting steel beams into position.

INDUSTRIAL WET / DRY VACS

Great for cleaning the site when you are done, attaching to concrete care tools or even just to clean up the water stained carpet. With twin motors there isn't much one of these wouldn't suck up.

MINI KANGA BUCKET & KANGA AUGER

We have Kanga loaders available in small (800mm wide) and large (1100mm wide with 4 in 1 bucket and augers available from 200mm to 600mm.

TRACKED DUMPER

This Dumper is an excellent material handling solution for smaller jobs that need the advantages of a tracked machine. The compact machine is designed for smooth travel while manoeuvring across rough terrain and over curbs.

CARPET BLOWERS

Dry out wet carpet or concrete quickly with this powerful carpet blower. Guaranteed to air out anything quickly.

LASER LEVEL

Great for earthworks, concreting, landscaping, and roofing, doing the slope for you efficiently.

ACROW PROPS

Number 01: 1.6m to 2.8m
 Number 02: 1.9m to 3.4m
 Number 03: 2.1m to 3.9m
 Number 04: 3.1m to 4.9m

General Hire

CONCRETE CORE DRILL

This drill combines excellent performance with many of the features which contribute to safety and efficiency on site.

UPRIGHT RAMMERS

Our upright rammers are popular for compacting in tight areas such as ditches. They provide a tough finish and are a favourite with plumbers and landscapers.

COMPACTORS

Our vib plates are forward propelled, easy to use and available in standard size or the larger DPU unit with forward and reverse.

GAS BLOW TORCH KIT

A LPG gas torch wand used to quickly dryout concrete of planter boxes quickly prior to water proofing.

FLEXIBLE DRIVE SHAFT

Add this to the Drive motor for the best concrete aerator unit available.

DEMO SAW

Our demo saws are lightweight and powerful. Available in 14" and 16" and also available on trolley for long straight cuts.

FLEX DRIVE PUMP

Coupled with the drive motor, this pump will move the water and thicker sludge that other pumps struggle with.

ROAD PLATES

Traffic rated road plates at 25mm thick. Great for covering temporary holes both onsite or on the road.

DRIVE MOTOR

Flex drive motor can be coupled with the flex drive trash pump for removal of muddy water. The flex drive concrete vib shaft to make light work of your concrete pours.

ELECTRIC SUBMERSIBLE PUMP

This 2" water pump is great for quickly and easily draining away unwanted water from pools and trenches. Available in float or manual power.
